

COLLEYVILLE FAMILY KARATE CENTER

Intent To Promote

Dear Parents and Teachers of _____

Our main objective here at Colleyville Family Karate Center is to develop well-rounded students that display courtesy, modesty, integrity, self-discipline, perseverance, and an indomitable spirit.

Not only do we develop Black Belts in American Kenpo Karate, but we also strive to instill this same Black Belt excellence in all aspects of the student's activities whether it be Academics, Sports, or Personal Relations. We believe the title "Black Belt" is synonymous with personal excellence.

We would appreciate your support and feedback in achieving our mutual goals. In considering this student please consider their actions in relation to their peers. Also, recognizing that all students have good and bad days, please consider this student's performance over time and don't allow a single event, good or bad, to determine your recommendation for this student's promotion to _____.
